Subject: ENERGY STAR® Computer Specification (Version 4.0)

Attachments: Picture (Metafile); March Computer Meeting Agenda.pdf; Computer Preliminary Draft V4.0 Eligibility Criteria.pdf

Dear ENERGY STAR® Computer Partner or Other Interested Party,

I am pleased to provide you with a Preliminary Draft for the revision of the ENERGY STAR computer specification (Version 4.0). This document reflects EPA's potential revisions to the existing technical requirements. Please note that EPA has not made any final decisions on the proposed new requirements and hopes to work closely with all stakeholders to develop a new computer specification.

To discuss the preliminary draft in detail, EPA will host a **Computer Stakeholder Meeting in Washington, DC on March 15 from 9:00 a.m. to 3:45 p.m.** Attached is a tentative agenda for the meeting. If you would like more information about this meeting visit the ENERGY STAR product development computer page at www.energystar.gov/productdevelopment. This Web page will be updated periodically over the next few weeks as new information becomes available.

EPA is also interested in receiving written comments on the Preliminary Draft specification. Please submit all comments to Nick Germana, ICF Consulting, at ngermana@icfconsulting.com by **March 31, 2005**.

Please feel free to contact me directly with any questions about the stakeholder meeting or the Preliminary Draft at (202) 343-9120 or hershberg.craig@epa.gov.

Sincerely,

Craig Hershberg, Product Manager
ENERGY STAR for Office Equipment & Consumer Electronics
